

Information is already the most valuable thing in the world with DIY, sustainability and survival knowledge only becoming more and more valuable as economies decline. Making and trading this information-based alternative currency is the most efficient way for people in a community to “cross-train” each other into knowing how to make, bake, grow and sew everything it is they need to thrive when SHTF.

DIRECTIONS

Step 1:
Cut along dotted lines.

Step 2:
Fold along solid lines into booklet form.

Step 3:
Add your own title and useful info for value.
